**Review your recent transactions** - Here are the purchases you've made with this card since your last statement. You'll see purchase descriptions in the Description column to help you remember what types of products and services you've bought.

**Note:** If you use a credit card that earns rewards, please note these purchase descriptions may be different than the categories we use to determine the rewards you earn per purchase, and we don't use them to calculate your rewards. [Learn more.](#)
